

Immune Active

Featuring quercetin, NAC, zinc, EGCG, and vitamin C

Immune Active provides a new way to offer key nutrients to support immune health all in one formula! Providing high-potency vitamin C and zinc, with quercetin, NAC, and EGCG to help support a healthy immune function and help to protect against oxidative damage caused by free radicals.

Why Immune Active?

- **EGCG:** Featuring 150 mg EGCG (as decaffeinated green tea leaf extract) per serving. EGCG is categorized as a flavonoid polyphenol, a compound typically found in plants. Polyphenols can help promote antioxidant processes in the body.
- **N-acetylcysteine (NAC):** NAC is a metabolite of the sulphur-containing amino acid cysteine. NAC stimulates the biosynthesis of glutathione, a key antioxidant produced in the body. Glutathione plays an important role in protecting the body against oxidative stress.
- **Quercetin:** Quercetin is a polyphenolic flavonoid substance present in a variety of plant foods. Immune Active provides this antioxidant that helps protect against oxidative damage caused by free radicals.

Form: 60 capsules

Serving size: 2 capsules

Recommended Use: Helps to support immune system. Source of an antioxidant that helps protect against oxidative damage caused by free radicals.

Recommended Dose: Adults take 2 capsules daily with food or as recommended by your healthcare practitioner. Take a few hours before or after taking other medications or natural health products.

Medicinal Ingredients: Each capsule contains:

N-Acetylcysteine	300 mg
Green Tea (<i>Camellia sinensis</i>) leaf extract standardized to 60% catechins and 40% EGCG.....	193 mg
Quercetin	125 mg
Vitamin C (ascorbic acid)	100 mg
Zinc (zinc bisglycinate).....	15 mg

Non-Medicinal Ingredients: Capsule (hydroxypropylmethylcellulose), silicon dioxide, and magnesium stearate (veg).

Caution: Do not use this product if you are taking antibiotics or nitroglycerin. Consult a healthcare practitioner prior to use if you are pregnant, breastfeeding, have kidney stones, a liver disorder, or an iron deficiency. Stop use and consult a healthcare practitioner if you develop symptoms of liver trouble such as yellowing of the skin/eyes (jaundice), stomach pain, dark urine, sweating nausea, unusual tiredness, and/or loss of appetite. Rare, unpredictable cases of liver injury associated with green tea extract-containing products have been reported (in Canada and internationally). Consult a healthcare practitioner for use beyond 3 months.

Storage: Keep tightly closed in a cool, dry place.

Do not use if perma seal is missing.

This product is non-GMO and gluten-free.

Complementary products:

- **D₃ Liquid:** 1,000 IU of vitamin D₃ in easy-to-use drops
- **Ultra C™ 1000:** 1,000 mg of vitamin C plus citrus bioflavonoids
